Meet your Faculty

The DSML program consists of 9 courses (6 mandatory + 3 optional) delivered by renowned faculty. Out of these 9 courses, the first two courses, Pre-Work and Fundamentals of Data Science, are delivered by Great Learning, while the remaining courses are taught by MIT faculty.

Let's have a look at the profiles of professors who are going to deliver each course:

Courses: Pre-Work and Foundations of Data Science

Dr. Abhinanda Sarkar

Faculty Director, Great Learning

Course: Making Sense of Unstructured Data

Prof. Tamara Broderick

Associate Professor, MIT Department of Electrical Engineering & Computer Science

Research Departments: MIT Institute for Data, Systems, and Society (MIT IDSS) and MIT Computer Science and Artificial Intelligence Lab (MIT CSAIL)

Prof. Stefanie Jegelka

Associate Professor, MIT Department of Electrical Engineering and Computer Science

Research Departments: MIT Institute for Data, Systems, and Society (MIT IDSS) and MIT Computer Science and Artificial Intelligence Lab (MIT CSAIL)

Prof. Caroline Uhler

Associate Professor, MIT Department of Electrical Engineering and Computer Science

Research Departments: MIT Institute for Data, Systems, and Society (MIT IDSS), MIT Laboratory for Information and Decision Systems (MIT LIDS), MIT Statistics and Data Science Center, and the MIT Operations Research Center (MIT ORC)

Course: Regression and Prediction

Prof. John N Tsitsiklis

Clarence J. Lebel Professor, MIT Department of Electrical Engineering and Computer Science

Research Departments: MIT Institute for Data, Systems, and Society (MIT IDSS); MIT Laboratory of Information and Decision Systems (MIT LIDS), and the MIT Operations Research Center (MIT ORC)

Prof. Victor Chernozhukov

Professor, MIT Department of Economics

Research Departments: MIT Institute for Data, Systems, and Society (MIT IDSS), MIT Statistics and Data Science Center

Course: Classification and Hypothesis Testing

Prof. Munther A Dahleh

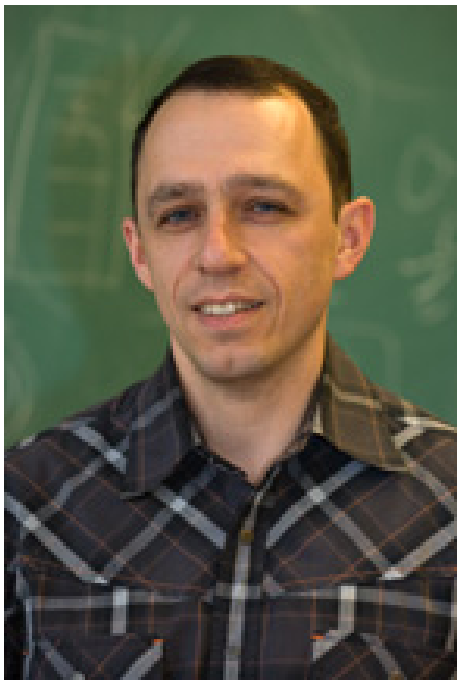

William A. Coolidge Professor, MIT Department of Electrical Engineering and Computer Science

Director, MIT Institute for Data, Systems, and Society (MIT IDSS)

Research Departments: MIT Institute for Data, Systems, and Society (MIT IDSS), MIT Laboratory for Information and Decision Systems (MIT LIDS)

Prof. David Gamarnik

Nanyang Technological University Professor of Operations Research, MIT Sloan School of Management

Prof. Caroline Uhler

Associate Professor, MIT Department of Electrical Engineering and Computer Science

Research Departments: MIT Institute for Data, Systems, and Society (MIT IDSS), MIT Laboratory for Information and Decision Systems (MIT LIDS), MIT Statistics and Data Science Center, and the MIT Operations Research Center (MIT ORC)

Prof. Jonathan Kelner

Professor of Applied Mathematics, MIT Department of Mathematics

Course: Deep Learning

Prof. Stefanie Jegelka

Associate Professor, MIT Department of Electrical Engineering and Computer Science

Research Departments: MIT Institute for Data, Systems, and Society (MIT IDSS) and MIT Computer Science and Artificial Intelligence Lab (MIT CSAIL)

Prof. Ankur Moitra

Norbert Wiener Professor, Mathematics

Director, MIT Statistics and Data Science Center (SDSC)

Course: Recommendation Systems

Prof. Devavrat Shah

Andrew (1956) and Erna Viterbi Professor, MIT Department of Electrical Engineering and Computer Science; Director of the Statistics and Data Science Center

Professor (MIT Department of Electrical Engineering and Computer Science), Director of Statistics and Data Science Center, Member of Laboratory for Information and Decision Systems (LIDS); Computer Science and Artificial Intelligence Laboratory (CSAIL); and Operations Research Center (ORC).

Prof. Philippe Rigollet

Professor, MIT Mathematics

Research Departments: MIT Laboratory for Information and Decision Systems (MIT LIDS), MIT Institute for Data, Systems, and Society (MIT IDSS), and the MIT Statistics and Data Science Center

Course: Networking and Graphical Models

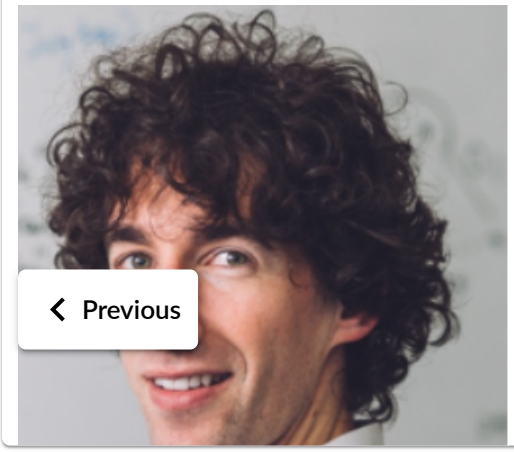

Prof. Caroline Uhler

Associate Professor, MIT Department of Electrical Engineering and Computer Science

Research Departments: MIT Institute for Data, Systems, and Society (MIT IDSS), MIT Laboratory for Information and Decision Systems (MIT LIDS), MIT Statistics and Data Science Center, and the MIT Operations Research Center (MIT ORC)

Prof. Guy Bresler
